

CP80 - WATER - REQUIREMENTS FOR CONSTRUCTION WORK POLICY

Aims and Objectives

- (a) To provide a system of supplying water for construction works for both private subdivision and direct labour works based on user pay.

Policy

- (a) That Council include in the Management Plan an annual fee for the supply of raw and filtered water from Council owned standpipes. The fee is to be reviewed annually as part of the Management Plan.
- (b) Upon payment of the prescribed fee, Council will provide a key for access to either raw or filtered water standpipes.
