## Introduction

Under the NSW Government's Integrated Planning and Reporting Framework, Council is required to produce a report on its progress in implementing the Community Strategic Plan during each term of Council.

The End of Term report will assist the incoming Council to review the Community Strategic Plan and prepare Council's next Delivery Program.

The Community Strategic Plan is a whole of community document summarising the community's aspirations for the future. It is the primary driver of a suite of key documents developed by Council.

While Council has a custodial role in initiating, preparing and maintaining the Community Strategic Plan it is not wholly responsible for its implementation. Other partners such as State agencies and community groups may also be engaged in delivering the long term objectives of the plan.

Council's Delivery Program outlines the priorities that Council will pursue to meet the aspirations of the Community Strategic Plan.

The Operational Plan includes Council's annual budget and provides information on the range of projects Council will undertake each financial year. After engagement and consultation with the community in 2017, Wentworth Shire Council adopted the Community Strategic Plan 2017-2027 in June 2017.

Having undertaken extensive consultation to develop the 2013 Community Strategic Plan, the focus of reviewing and updating this iteration of the plan revolved around ensuring that the plan continues to clearly articulate the goals of the community.

As a result of the consultation and engagement undertaken Council was able to formulate the following vision for the region:

**A thriving region, supported by a robust economic base, distinctive open spaces, and strong local governance and leadership.**

Responding to issues raised throughout the community engagement process, the Community Strategic Plan was structured around four themes that are aligned to the quadruple bottom line which emphasises the balancing of social, environmental and economic wellbeing with good governance as the foundation for sustainable development and management.

These themes are clearly interwoven and impact upon each other.

They are the cornerstone for our community's progress and success.

**1**

**Economic** - Wentworth is a vibrant, growing and thriving Shire.

**2**

**Social** - Wentworth is a desirable Shire to visit, live, work and invest.

**3**

**Environment** - Wentworth is a community that works to enhance and protect its physical and natural assets.

**4**

**Governance** - Wentworth is a caring, supportive and inclusive community that is informed and engaged in its future.

**Message from the Mayor**

## A word from Wentworth Shire Mayor on behalf of the Council

It is with pleasure that we present the Wentworth Shire Council End of Term Report for the 2016-2021 term of Council.

This End of term report includes the progression of Wentworth Shire Council towards the vision articulated in the Community Strategic Plan.

The vision of Wentworth being a thriving region, supported by a robust economic base, distinctive open spaces and strong local governance and leadership has been an encouraging impetus for Council over the last five years.

The last 18 months of Council's term has not been without its challenges as Council and the Community as a whole has come to grips with impact of the COVID-19 Pandemic.

The Capital Works investment has been significant during this term of Council with more than \$63 million spent on building, renewing and maintaining our assets.

This investment in our assets has been driven by an unprecedented increase in State and Federal grants.

Major projects that have been completed or are in progress include the following:

- More than a million dollars invested into infrastructure improvements at Willow Bend Caravan Park
- Completion of Stage two of the James King Park Master Plan
- Completion of Stage one of the O'Donnell Park and Curlwaa Boat Ramp Master Plan
- \$2,500,000 redevelopment of the Midway Centre in Buronga
- Supporting the Community to Construct a Skate Park in Wentworth

- \$4,500,000 investment to rationalise Sewer Treatment Plants in Wentworth and Dareton
- Installation of a bore and upgrade of the Pooncarie Water Treatment Plant to guarantee future supply of water to the Community
- Stage one of the Wentworth Aerodrome Expansion at a cost of more than \$7,000,000
- Significant upgrade of public amenities and halls
- Construction of a new hall at Curlwaa and the Wentworth Community Pavillion at the Wentworth Showgrounds
- \$13,800,000 million spent on road renewals, rehabilitation and upgrades
- In partnership with Transport for NSW \$10,200,000 has been spent maintaining and upgrading the Sturt and Silver City Highways.

Significant time has been invested in planning the following projects that will see a further \$20,000,000 invested in community infrastructure over the next 18 months.

These projects include:

- Pooncarie – Menindee Road
- Wentworth Civic Centre
- Willow Bend Caravan Park

Council's achievements have not only been limited to capital expenditure projects but as a Council we were successful in hosting the Murray Darling Association Annual Conference in May 2021.

The conference was an outstanding success, bringing many delegates to the junction of Australia's two greatest rivers for the first time, giving them the opportunity to witness first hand

the issues facing the Darling-Baarka River and the Menindee Lakes system.

Being located adjacent to the Victorian regional city of Mildura presents significant economic opportunities with potential for Council to increase employment and career pathways locally as well as within the region.

Council has developed a number of strategic plans in recent years with the aim to generate economic activity and development across our Shire.

Council has spent this term of office implementing recommendations from those plans which has seen an additional 261 properties created with a further 1,000 to come on board over the next couple of years.

While this growth has been encouraging, the pace at which it has occurred has created some challenges for Council to keep up with the speed of the development.

The new Council will need to be proactive going forward to ensure that it can provide the required infrastructure to ensure that this growth does not stagnate.

As Council commences the process of community consultation and revising the Community Strategic Plan it is hoped that this report will lay a sound platform for the review of the aspirations embedded within the Community Strategic Plan.

To our General Manager Ken Ross, thank you for your support, we are heading in the right direction, and while we are still encountering difficulties in some areas your pragmatic approach is helping to resolve these issues.

Also to former Mayor Melisa Hederics, who started this term in the position, thank you for your hard work and dedication to the region over your time on Council.

Finally to our staff, the Wentworth Shire Council is only ever going to be as good as the staff we have, Council thanks each and everyone of

you for your commitment to our Shire and its residents.

The past five years have been extremely busy, challenging, interesting and rewarding and we are proud of what Council has achieved and the strong financial position that Wentworth Shire Council is in.

This will allow Council to continue to meet the ongoing commitments to our community .

Going forward the new Council will continue to focus on ensuring that residents and ratepayers are proud of where they live, that they feel safe and engaged in the community and that they have equitable access to facilities that ensure that the community leads a healthy and enjoyable lifestyle.
