

Any development that is \$25,001 and over and is adjacent to a public road requires an Infrastructure Protection Permit and payment of a refundable infrastructure bond.

The infrastructure bond covers any damage done to the road, kerb, gutter, nature strip, drains and other services. Any damage attributed to removal/demolition or construction works which is not reinstated at the end of the building process will be carried out at the owner's expense and withdrawn from the infrastructure bond and the balance refunded.

The condition in your development application / complying development certificate states that works are not to commence prior to issue of this permit.
