Overview

Council’s Operational Plan is created each financial year as a sub-plan of Council’s four-year Delivery Program. The Operational Plan 2025/2026 is year one of Council’s Delivery Program.

It outlines the actions that Council will undertake in the financial year that contribute to achieving the commitments of Council’s Delivery Program and Community Strategic Plan.

It also identifies the annual budget required to deliver the actions and the responsible service area within Council who will oversee and report progress and performance results achieved.

The Plan is accompanied by Council’s 2025-2026 Annual Statement of Revenue and Schedule of Annual Fees and Charges which includes the proposed rates and annual charges.

2025/2026 Council Snapshot

	137.05	Full-time equivalent staff		\$33 million	Operational budget
	\$57 million	Budget forecast		\$24 million	Capital budget
	62	Planned actions		4.50%	Rate increase

Achieving the vision for 2036

The consultation and engagement activities undertaken to inform the Wentworth Shire: Our Future in Focus - Community Strategic Plan 2026-2036 resulted in the formation of the following concise and ambitious vision for the region:

Wentworth Shire will work together to create a thriving, attractive and welcoming community.

To ensure we, as a community, can work toward achieving this vision, four strategic objectives have been developed around the quadruple bottom line which aims to balance social, environmental, economic and governance aspects of strategic plans.

Underpinning each objective is a range of supporting strategies that outline high-level approaches to achieving the objectives and delivering the vision.

Quadruple Bottom Line

The quadruple bottom line underpins the Community Strategic Plan, helping to categorise the priorities that have been identified by the community.

Our strategies link directly to the quadruple bottom line, which are as follows:

Wentworth Shire is a vibrant, growing and thriving region

Wentworth Shire is a great place to live

Wentworth Shire is a community that works to enhance and protect its physical and natural environment

Wentworth Shire is supported by strong and ethical civic leadership with all activities conducted in an open, transparent and inclusive manner

For Council to live within its means and achieve financial sustainability the annual budget must be balanced and in alignment to Council's long-term financial position. To ensure that Council lives within its means and that annual operations do not deplete financial reserves, Council's budget for 2025/2026 includes the following assumptions:

Rates and Annual Charges

- The Ordinary Rate will be increased by the maximum 4.50% (as determined by the Independent Pricing and Regulatory Tribunal of NSW (IPART).
- Waste water access charges will be increased by 4.50%.
- Raw and filtered water access charges will be increased by 4.50%.
- Domestic waste charges will be increased by 4.50%.
- Water consumption charges will be increased by 4.50%.
- Interest will be charged on overdue rates and annual charges as approved by the Minister for Local Government.

Borrowings

Borrowed funds enable the cost of acquiring assets to be spread over a longer period of time, thus easing the burden on current ratepayers.

In the 2025/26 financial year Council is proposing no new loan borrowings.

Restricted Reserves

Council will utilise the following restricted reserves to fund capital expenditure during the 2025/2026 financial year:

Loan Reserve

\$1,050,000 from previously approved loans to fund the Buronga landfill and stormwater infrastructure upgrades.

Unexpended Grants Reserve

\$3,146,480 of prepaid grants to fund capital projects.

Buronga Landfill Reserve

Council intends to transfer \$1,200,000 to this reserve to set aside cash to fund future works at the landfill.

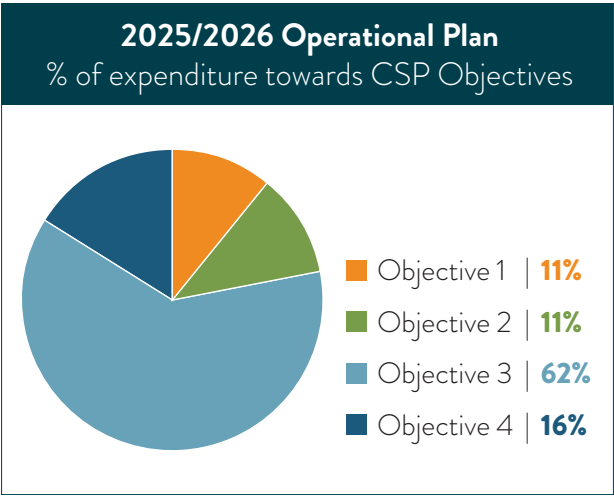

Contribution to CSP objectives

In line with the Integrated Planning and Reporting Framework Council’s expenditure has been aligned with the Objectives established within the Community Strategic Plan.

The financial expenditure figures depicted in the following table provide an indication of how Council’s expenditure in 2025/2026 is aligned to the Community Strategic Plan.

The following pages provide the details of each Operational Plan action, including the description, the strategy that it is aligned to, the responsible officer, the source of funding and the budget amount for the financial year.

Statement of Revenue Policy

Introduction

The information pertained in this Statement of Revenue comes directly from Councils Long Term Financial Plan. The quality and quantity of services that Council provides to its citizens continue to grow despite an income that, in real terms, is decreasing. We are not alone in facing this predicament, but that does not lessen the size of the issue.

Despite these constraints, Council is determined to provide quality services at a level the community expects and at a price they are willing to pay. This will involve working closely with our community to provide services that best suit their needs.

In preparing the Long Term Financial Plan consideration was given to a range of economic and political factors that affect our finances and in turn our capability to maintain existing levels of service and long term financial sustainability.

Rating

Council rates are a form of taxation; they are not a fee-for-service. The Valuation of Land Act and the Local Government Act provide the legislative framework for valuing land and raising rates. All rateable land must be valued and rated. The Valuation of Land Act prescribes that the value of all properties be reassessed every 3 or 4 years to accommodate movements in land values. Council currently has its land revalued every 3 years. A revaluation establishes the value of a property relative to all other properties (ie: its market relativity).

Valuations in New South Wales are conducted by the NSW Valuer-General based on market movements and recent sales trends as required under the Valuation of Land Act. When a local government area has been re-

valued the property owner will be issued with a Notice of Valuation. Each Notice of Valuation contains both details of the property as they are recorded on the Valuer General's records and the land value at the common base date for all Valuer General valuations in the local government area.

The valuations are objective and impartial, and are based on the market for Land. The 'land value' represents the value that the 'fee simple' interest in the land, assumed to be vacant, would be if offered for sale. For 2025/2026, rates are based on property values as at 1 July 2024.

By virtue of section 494 of the Local Government Act, Council is required to make and levy an ordinary rate for each year on all rateable land in its area. This is a mandatory requirement.

A rate may, at Council's discretion, consist of:

- An ad valorem amount; which may be subject to a minimum amount of the rate; or
- A base amount to which an ad valorem amount is added.

The ad valorem amount of a rate

The ad valorem amount of a rate is to be levied on the land value of all land that is to be rateable to the rate and the rate in the dollar is to apply uniformly. The ad valorem amount of the ordinary rate may be the same for all classes or it may be different for different classes or sub classes.

Base charges and minimum amounts of rates payable

The Local Government Act allows the use of both different minimums and/or different base charges for different land use/localities. This provides additional flexibility in determining the distribution of the rating burden. It potentially enables better accommodation of 'equity' considerations but at the expense of the criteria of "simplicity". Greater flexibility also leaves council more vulnerable to lobbying for favourable treatment by special interest groups.

A base charge is a fixed rate levied equally against all properties. Rates based on property value are then levied to provide the additional revenue required by Council. The effect is to reduce the influence that property values have in determining the relative amounts paid by different ratepayers. By contrast, a minimum rate applies only to those properties with a value below a set threshold. The amount of rates payable by all properties with a value above that threshold is therefore determined solely by relative property values.

The higher the amount of a base charge or a minimum rate the lower will be the ad valorem rate for any given revenue target. As a result higher valued properties may incur a greater or lesser share of the total rate burden depending on the level of the base charge or minimum rate. Applying a base rate charge will result in a different distribution between low, medium and high valued properties relative to the application of a minimum rate.

The Local Government Act limits the amount of revenue that can be generated by a base charge or minimum rate. A base rate or minimum rate must not produce more than 50% of the total revenue derived for each class of property. Council has a base charge for each property class but currently does not levy a minimum charge.

Council must apply the ad valorem and base amount uniformly to every parcel of land within each property class but they can differ from property class to property class. Annual rate increases in NSW are capped or "rate pegged as determined by the Independent Pricing and Pricing Tribunal (IPART), is the maximum amount by which Council's total rate revenue can increase over the previous year without making application for a special rate variation.

Council's general rates income can grow when new properties are developed that require additional local government services. Property growth impacts on Council's financial performance by increasing rate revenue as a result of the increased number of rateable assessments. It is important to note however, that the increase in rate revenue resulting from property growth is generally not in direct proportion to the increase in the number of rateable assessments.

In October 2021, the Minister for Local Government announced that the State Government had accepted IPART's recommendation for the inclusion of a population factor into the rate peg. IPART has developed a methodology that enables council's to maintain per capita general income over time as their populations grow. Maintaining per capita general income will help councils to maintain existing service levels and provide the services their growing communities expect.

The approach developed by IPART amends the existing rate peg calculation to include a population factor in the rate peg that is calculated as the change in residential population, less any increase in general revenue from supplementary valuations. In development of a population growth factor for the rate peg, IPART undertook research which indicated councils currently only recover approximately 60% of the cost

of population growth through supplementary rate income.

The methodology will apply to all councils experiencing population growth, even at low levels, but not impact councils with stable or declining populations. The methodology allows for rating income to increase to provide councils with a greater ability to manage the cost of population growth.
In October 2024 IPART announced a base rate increase of 3.60% for all councils.

Council received an additional 0.90% increase to factor in the Emergency Services Levy and the cost of running the 2024 Council elections. Council received no population factor adjustment for 2025-2026 resulting in a core rate peg increase of 4.5%. Council is proposing to increase rates by the full amount of the rate peg.

Rate increases over the last six years are detailed in the following table.

Table of years and rate increases and % of total revenue						
Rating Year	2020/2021	2021/2022	2022/2023	2023/2024	2024/2025	2025/2026

Budget analysis

This section provides comments on the main operating expenditure revenues, and capital expenditure for 2025/2026.

Operating Revenue

Council has forecasted to generate \$49,452,738 in revenue for 2025/2026.

Extract of Operating Statement				
Operating Revenue	2026	2027	2028	2029
Rates & Annual Charges	\$11,640,392	\$12,113,028	\$12,543,126	\$12,988,278
User Charges & Fees	\$12,923,061	\$13,525,745	\$14,136,705	\$14,776,288
Interest	\$2,286,858	\$2,378,332	\$2,461,574	\$2,547,729

TOTAL	\$49,452,738	\$44,449,224	\$45,052,299	\$46,850,100

Rating and Annual Charges

The total income that can be raised from levying rates on property is capped by the State Government via the Independent Pricing and Regulatory Tribunal. The current rate structure for Wentworth Shire Council will be maintained; rate assessments will be based entirely upon property valuations (ad valorem) but with base rates applying where appropriate. The continuing constraint of rate pegging imposed by the State Government limits Council's ability to provide additional services or borrow additional funds and has focused considerable attention to the need for and efficiency of each service provided. Council expects to raise \$11,640,392 from rates and annual charges for 2025/2026. This includes a special variation for Tourism which was approved in 1998 for \$10 per assessment.

Pensioners who hold a Pensioner Concession card and own and occupy rateable property in Wentworth Shire receive a mandatory rebate on their rates and annual charges. The State Government funds 55% of the rebate.

This is expected to cost Council \$76,000 in 2025/2026.

Interest charged on unpaid rates and charges will accrue on a daily basis at the rate determined by the Minister for Local Government in accordance with Section 566 of the *Local Government Act 1993*.

Hardship and ability to pay rates

Hardship is the difficulty in paying debts when repayment is due. Any person who cannot pay their rates or charges due to hardship can apply to Council for assistance at any time. Ratepayers are encouraged to seek assistance from Council as soon as practical. Council will consider each hardship application on its merits.

There are several ways Council may help a ratepayer who is experiencing financial hardship including, but not limited to:

- A payment plan or agreement (s564 of the Local Government Act) so that rates and charges (whether overdue or not) are paid on a weekly, fortnightly or monthly basis.
- Interest may be waived or reduced for a set period of time.
- A pensioner rebate (additional to the legislated rebate) may be given.
- Interest, rates or charges may be written off, waived, reduced, or deferred for eligible applicants (s564, s 577, 601 Local Government Act)

Applications for a special variance to general income

The ability to introduce a special rate variation to General Income requires Ministerial Approval. The provision allows the raising of additional income over and above the rate cap for specific purposes and under strict guidelines.

Council can apply for additional income through these provisions, however at this stage this has been no thought given to doing so. In the future this option will be explored if deemed necessary.

User Charges and Fees

Many of the services provided by Council are offered on a user pays basis. Fees and Charges relate mainly to the recovery of service delivery costs through the charging of fees to users. All fees in this category are

annually reviewed and some of the general considerations for setting these fees include:

- Cost of the service or operation;
- Consumer Price Index;
- Other revenue sources which may fund the service;
- Laws and Regulations;
- Ability of the persons/groups using the service to pay;
- Benefit to the community (possible subsidy); or
- Benchmarking with others providing similar services

Council needs to be mindful of using fees and charges as an avenue to increase revenue to the extent that it can create issues around maintaining equitable access to services and facilities for residents. The Shire's relatively low population base does not provide a large market from which significant fees and charges can be obtained.

Statutory fees such as development assessment fees, planning certificates etc charged by Council are subject to direction through regulation and other state government controls. Council does not set these fees and does not have the power to vary the fee set. The majority of statutory charges do not provide for annual increases in line with CPI or the cost of providing the service and therefore excluding development related income, no growth in these fees has been included in the 2025/2026 budget.

The Roads and Maritime Services Council contract (RMCC) is classed as a fee for service and accounts for approx. \$1.9million of revenue annually. Council also operates the Buronga Landfill, it is expected that this operation will generate \$9,191,310 in revenue. Overall Council expects to raise \$12,923,061 from user fees and charges for 2025/2026.

Interest on Investments

Council has an investment portfolio that varies in size from year to year however it is projected to be between \$35m and \$40m for the majority 2025/2026. These funds are a mixture of unspent grants, reserve funds and general revenue. All investments are placed in accordance with the Minister's Order and Councils adopted investment policy.

Interest earnings form a significant part of Council's revenue each year and are subject to fluctuations in interest rates as they respond to economic conditions. Approximately \$41,000,000 of Councils cash reserves are currently either internally or externally restricted, this means that they have been set aside to fund specific expenditure. This gives Council the ability to strategically invest these funds in order to gain maximum returns whilst minimising risk. The remaining funds make up Council's available working capital which is required to fund day to day operations. Council also receives interest on outstanding rates and annual charges.

Council expects to receive \$2,286,858 from investment activities in 2025/2026.

Grants and Contributions

Council receives an annual Financial Assistance Grant from the Commonwealth as well as various grants from other State and Commonwealth Government departments. Council has assumed that it will continue to receive these grants, however, should these grants and subsidies be reduced Council's ability to provide the same level of service will be impacted.

Council also receives operating and capital grants from various funding bodies to help fund the following services:

- Roads maintenance and capital works
- Library services
- Weeds
- Youth week
- Rural Fire Services

Council will continue to seek grants and partnership funding for a range of well-aligned projects and programs, which will be reflected in the budgets as and when specific arrangements are confirmed.

Council collects monetary contributions from developers as a condition of consent on Development Applications to meet the demand for public amenities and public services created by new development. Authority to do this is provided by Sections 7.11 & 7.12 of the *Environmental Planning and Assessment Act 1979* (NSW).

This form of revenue is difficult to predict and Council has adopted the prudent position of making no assumption that this source of funds can be relied upon for the purpose of forward forecasting of resources and financial sustainability. Successful increases in revenue through, grants, partnerships and developer contributions will be treated as windfalls.

The Local Government Financial Assistance Grants are paid to local councils to help them deliver services to their communities. The funds are paid annually by the Australian Government. Councils are free to use these funds at their discretion and are accountable to their community.

Following the 2013 independent review of local government in NSW the State Government has been refining the funding model for the Financial Assistance Grants in order to channel additional support to council's and communities with the greatest needs. Generally, council's and communities with the greatest need have the following characteristics:

- Rural and remote councils;
- With small and declining populations;
- Have limited capacity to raise revenue;
- Have financial responsibility for sizeable networks of local roads/infrastructure & diminishing financial resources; and
- Relative isolation.

Funds are allocated by the State Government on the basis of the national principles as outlined in the *Local Government (Financial Assistance) Act 1995* (Cth). The ongoing challenge facing the government has been how to allocate a fairer share of the grant to disadvantaged council's when a fixed 30% of the grant must be allocated based on population increases/decreases.

Council has forecasted to receive \$20,544,049 in operating and capital grants in 2025/2026.

Council will receive capital grants and contributions in 2025/2026 which will contribute to funding the following projects:

- Roads to Recovery Program
- Regional Roads Block Grant
- Resources for Regions
 - Open Spaces Development
- Crown Land Improvement Fund
 - Ski Reserve Rehabilitation
- Regional Roads Emergency Repair Fund
- Regional Tourism Activation Fund
 - Fibre Optic Symphonic Orchestra (FOSO)
- Wentworth Flood Study
- Safer Local Roads and Infrastructure Program
 - Milpara Road Upgrade.

Council has an internally restricted fund of \$1,000,000 that can be used to contribute to funding applications as they become available.

Should the grant application process be unsuccessful, Council will have to use external borrowings to finance the works.

Other Revenue

Miscellaneous revenue is obtained from a variety of sources including insurance recoveries, property rentals, sale of assets etc. It is anticipated that other revenue will be maintained at current levels with an increase for CPI factored in. Council has budgeted to receive \$1,958,378 in 2025/2026.

Operating Expenditure

Council has forecasted \$33,081,997 in operating expenditure for 2025/2026.

Extract of Operating Statement				
Operating Expenses	2026	2027	2028	2029
Employee Costs	\$10,190,320	\$10,596,905	\$10,903,937	\$11,220,180

Borrowings	\$1,282,304	\$1,235,785	\$1,146,851	\$1,060,502
Depreciaton & Amortisation	\$10,083,286	\$10,083,286	\$10,083,286	\$10,083,286
Other Operating Expenses	\$667,697	\$684,066	\$698,588	\$713,546
TOTAL	\$33,081,997	\$33,166,138	\$33,530,496	\$34,205,726

Employee Expenses

Employee expenses comprise approximately 30% of Council's operating costs with 137.05 Full Time Equivalent (FTE) Staff. The salaries and wages budget calculation includes an assumption that staff will take four weeks annual leave. Throughout any year salary savings resulting from staff vacancies and efficiencies will occur naturally.

The superannuation Guarantee Levy is currently at 11.50% and will increase to 12% in 2025/2026. Council has a number of staff in the defined benefit scheme and have been paying significantly increased contribution rates to fund this scheme.

Council Employee Leave Entitlements reserve is used to fund unanticipated changes in termination payments each year. The number of staff who might leave is difficult to predict and the budget has a provision added to represent the projected levels of retirements, to accommodate the challenges of an ageing workforce.

Council's policy is to fully fund the leave entitlements of staff in the Employee Leave Entitlements Reserve. In recent years the reserve has been used to assist in the funding of costs associated with the resignation/retirement of a number of long serving employees. Council has been fortunate in recent years that it has had enough surplus cash to fund 100% of this reserve. It is projected that the reserve will maintain a balance of 100% through 2025/2026. However, if surplus funds were to decrease Council may choose to review this policy.

Workers Compensation premiums increase and decrease significantly with claims history. Council continues to be proactive in order to minimise any potential for claims.

Organisational Structure

The 2025/2026 Operational Plan is based on the figure of 137.05 equivalent fulltime employees (EFT's). Councils total employee costs for 2025/2026 is expected to be \$10,190,320.

Borrowing Costs

Wentworth Shire Council in the past has been debt averse and viewed the achievement of a low level of debt or even a debt free status as a primary goal. However, Council appreciates that the use of loan funding can be a critical component of the funding mix to deliver much needed infrastructure to the community. The beneficiaries of these projects will assist in their funding as their rates will be applied in part to repaying the loans. This is in contrast to current ratepayers bearing the entire burden in one year, possibly at the expense of other worthwhile expenditure.

Debt is seen as a method of more fairly spreading capital costs to deliver intergenerational equity. Keeping this in mind there are limits to the amount the Council can borrow without impacting on its financial sustainability and Council is mindful of not wanting to impose excessive debt on current or future generations.

Council’s borrowing strategy projected in the LTFP is to restrict the debt service ratio to less than the industry benchmark of 20%. Before embarking on any new debt Council will consider the following:

- Debt financing is only to be used for clearly identifiable major projects and the Capital Works Program;
- Debt finance will not be used to meet operational shortfalls; and
- The period of repayment of debt finance shall not exceed the period over which the benefits are received from a project, or the life of the asset whichever is lesser

The principles of intergenerational equity are supported in respect of the Council contribution to the funding of major projects, the benefits of which will be shared by future generations.

Loans shall only be raised after taking into consideration future known specific capital funding requirements and, when raised, shall only fund the specific project or purpose approved.

Borrowing costs on current and projected loans and financing arrangements will total \$1,282,304 in 2025/2026.

Materials and Contracts

Materials and Services represent the principal costs used to deliver services to the community and are forecast to increase by 4% in 2025/2026 in line with increases in the Consumer Price Index. Materials and contracts are subject to variations in the market and particularly to petroleum prices. Such fluctuations impact on the price of petroleum and petroleum-based products (such as asphalt) and makes forecasting difficult. Budgeted expenditure for 2025/2026 is \$10,858,390.

Depreciation

Depreciation reflects the fact that an asset’s cost is proportionally expensed over the time during which it is used. Depreciation has been based on the estimated useful life of assets and will be reviewed every year. Council continues to thoroughly review its residual values and estimated useful lives. Budgeted depreciation for 2025/2026 is \$10,083,286.

Other Expenses

These expenses are those which are not part of the day to day operations of Council and generally relate to section 356 financial contributions and levies paid to other levels of government such as the Emergency Services Levy. Budgeted expenditure for 2025/2026 is \$667,697.

Expenditure Challenges

As part of the process of preparing the operational plan each year, Council critically reviews operating expenditure in order to identify areas where it could reduce spending without compromising service delivery.

Community needs must be understood and are a key input into the annual operational plan, for many years Council has recognised the challenge of meeting community needs in a financially sustainable manner. This challenge has been divided into two elements (1) assess the gap in financial sustainability assuming community needs correspond to the current scope of services and service levels and (2) assess the impact of additional or enhanced services in line with changing or revised community needs.

Capital Expenditure

The challenge over the medium to long term is to achieve financial sustainability whilst still assisting the community to achieve its vision as established in the 10 year Community Strategic Plan. The challenge is to also adequately maintain existing assets before adding to the asset base, bearing in mind that new assets add to ongoing operational costs.

Substantial capital programs are in place to continue the renewal of Council's infrastructure network. The programs will ensure that these key asset groups meet or exceed Council's determined 'minimum' service levels and continue to provide the expected amenity to the community.

The capital works program prioritises projects based on asset condition, risk, community need and other opportunities as they arise with other entities. Over shorter periods, some areas of the Shire may require more capital works than others to reflect short term needs and opportunities.

The need for new assets is constantly assessed and verified against current population and development projects, community feedback and alternative means of supplying services. A further consideration is the priority of refurbishing existing assets that provide community benefits or operational service that require regular refurbishment to enable the overall safety and quality of the facility to be maintained.

Apart from funding constraints, Council has capacity constraints which determine the capital works program delivery timeframe. The constraints in project delivery include community consultation, state government approvals, design, procurement processes and availability of labour resources to project manage and implement the projects.

In addition to the renewal and expansion of Council's asset base delivered through the capital works program, Council undertakes a replacement (and, where appropriate) upgrade/expansion program for its plant and equipment assets including motor vehicles, furniture, plant and IT hardware.

The budget for 2025/2026 has been developed through a process of consultation and review with Council and staff. As required by the Integrated Planning and Reporting framework, the Operational Plan and Budget are for a one year period. The Long Term Financial Plan details Council's financial forecast for a 10 year period and budget estimates for the next four years are provided in the Delivery Program.

Capital Expenditure	2026	2027	2028	2029

Rate Levy 2025/2026

Council has received advice from the Minister for Local Government that the rate pegging limit for 2025/2026 is 4.50%. The maximum increase has been proposed.

The rating structure proposed is consistent with previous years and no changes have been forecast at this stage. Council has tried to spread its rate burden as evenly as possible across all ratepayers. While it is impossible to keep everyone satisfied, the proposed rating structure endeavours to make it as fair and equitable as possible.

The Tourism Special Rate will remain at \$10 per Assessment.

Statement with respect to each ordinary and each special rate proposed to be levied:

- No new special rates are proposed for 2025/2026.

In accordance with Sections 534, 535 & 537 of the *Local Government Act 1993*, Council resolves to make and levy an ordinary rate to comprise of a base rate and an ad valorem rating structure for 2025/2026 financial year for every parcel of rateable land within the Wentworth Shire Council as follows:

Farmland Category

Includes all of the lands within the local government area of Wentworth categorised as Farmland except those parcels of rateable land sub categorised as Farmland, Dry Land Grazing and Farmland, Licence/Pump Site/Pipeline.

Farmland

An ordinary rate of 0.00212317 cents in the dollar on the land value of all rateable lands within Wentworth Shire Council categorised as Farmland, in accordance with Section 515 of the *Local Government Act 1993* be now made for the 2025/2026 rating period, subject to a base amount of (\$600.00) for each assessment. The base amount accounts for 30.67% of the estimated yield for this category. The estimated yield for this rate is \$1,367,649.

Farmland - Dry Land Grazing

An ordinary rate of 0.00169004 cents in the dollar on the land value of all rateable lands within Wentworth Shire Council categorised as Farmland, sub categorised Dry Land Grazing in accordance with Section 515 of the *Local Government Act 1993* be now made for the 2025/2026 rating period, subject to a base amount of (\$600.00) for each assessment. The base amount accounts for 18.00% of the estimated yield for this category. The estimated yield for this rate is \$886,627.

Farmland - Licence/Pump Site/Pipeline

An ordinary rate of 0.03926993 cents in the dollar on the land value of all rateable lands within Wentworth Shire Council categorised as Farmland, sub categorised Licence/Pump Site/Pipeline, in accordance with Section 515 of the *Local Government Act 1993* be now made for the 2025/2026 rating period, subject to a base amount of (\$95.00) for each assessment. The base amount accounts for 39.47% of the estimated yield for this category. The estimated yield for this rate is \$17,572.

Residential Category

Residential - Buronga

An ordinary rate of 0.00312821 cents in the dollar on the land value of all rateable lands within Wentworth Shire Council categorised as Residential, sub categorised Buronga, in accordance with Section 516 of the *Local Government Act 1993* be now made for the 2025/2026 rating period, subject to a base amount of (\$260.00) for each assessment. The base amount accounts for 25.88% of the estimated yield for this category. The estimated yield for this rate is \$572,664.

Residential - Dareton

An ordinary rate of 0.00874787 cents in the dollar on the land value of all rateable lands within Wentworth Shire Council categorised as Residential, sub categorised Dareton, in accordance with Section 516 of the *Local Government Act 1993* be now made for the 2025/2026 rating period, subject to a base amount of (\$210.00) for each assessment. The base amount accounts for 43.19% of the estimated yield for this category. The estimated yield for this rate is \$91,412.

Residential - Gol Gol

An ordinary rate of 0.00340937 cents in the dollar on the land value of all rateable lands within Wentworth Shire Council categorised as Residential, sub categorised Gol Gol, in accordance with Section 516 of the *Local Government Act 1993* be now made for the 2025/2026 rating period, subject to a base amount of (\$260.00) for each assessment. The base amount accounts for 22.94% of the estimated yield for this category. The estimated yield for this rate is \$835,302.

Residential - Gol Gol East

An ordinary rate of 0.00315793 cents in the dollar on the land value of all rateable lands within Wentworth Shire Council categorised as Residential, sub categorised Gol Gol East, in accordance with Section 516 of the *Local Government Act 1993* be now made for the 2025/2026 rating period, subject to a base amount of (\$360.00) for each assessment. The base amount accounts for 20.80% of the estimated yield for this category. The estimated yield for this rate is \$519,251.

Residential - Pooncarie

An ordinary rate of 0.01781231 cents in the dollar on the land value of all rateable lands with Wentworth Shire Council categorised as Residential, sub categorised Pooncarie, in accordance with Section 516 of the *Local Government Act 1993* be now made for the 2025/2026 rating period, subject to a base amount of (\$210.00) for each assessment. The base amount accounts for 45.71% of the estimated yield for this category. The estimated yield for this rate is \$23,889.

Residential - Rural Residential

An ordinary rate of 0.00251420 cents in the dollar on the land value of all rateable lands within Wentworth Shire Council categorised as Residential, sub categorised Rural Residential, in accordance with Section 516 of the *Local Government Act 1993* be now made for the 2025/2026 rating period, subject to a base amount of (\$210.00) for each assessment. The base amount accounts for 23.54% of the estimated yield for this category. The estimated yield for this rate is \$597,628.

Residential - Wentworth

An ordinary rate of 0.00392720 cents in the dollar on the land value of all rateable lands with Wentworth Shire Council categorised as Residential, sub categorised Wentworth, in accordance with Section 516 of the *Local Government Act 1993* be now made for the 2025/2026 rating period, subject to base amount of (\$240.00) for each assessment. WATER AND SEWER CHARGES

It is necessary to increase Water & Waste Water by 4.50% per property for 2025/2026 to cover the cost of operational and capital expenditure required to provide this service to the ratepayers.

- Water Access Charges will increase by 4.50% per rateable property in 2025/2026
- Sewer Access Charges will increase by 4.50% per rateable property in 2025/2026
- Water Consumption Charges will increase by 4.50% per rateable property in 2025/2026

In accordance with Section 501 of the *Local Government Act 1993*, Council resolves to make and levy the following Water and Sewer Charges for each rateable property within Wentworth Shire Council.

Water charges

Filtered Water	Charge	Unit
Access Charge	\$349.00	per annum
Water Cost - 0-300kl	\$1.44	per kl
Water Cost - over 300kl	\$3.23	per kl
Raw Water	Charge	Unit
Access Charge	\$192.00	per annum
Water Cost - 0-700kl	\$0.51	per kl
Water Cost - over 700kl	\$1.27	per kl
The above proposed charges are for a basic 20mm connection.		

Flats and Units

The access charge will apply to all connections and to Namatjira and resident complexes such as flats. Each flat or unit will be levied a 20mm access charge for raw and filtered water. The body corporate management committee will then be charged for actual water used. The body corporate will be responsible for the allocation of charges within the complex.

Access Charges are determined by the connection size as follows:

DOMESTIC WASTE

Domestic Waste collection charges will increase by 4.50% per annum in order to keep up with the increased cost of collection.

In accordance with Section 496 of the *Local Government Act 1993*, Council resolves to charge the following Domestic Waste Management Charge for each rateable residential property within Wentworth Shire Council.

Garbage Charges				
Description	Access	Charge	Notional Income	Pensioner Rebate
Domestic Waste - Urban	2,367	\$286.00	\$676,962.00	\$26,000.00

			\$1,042,365.00	\$32,000.00

In accordance with Section 532 of the *Local Government Act 1993*, Council will adopt its rates and charges after public notice is given and after due consideration of submissions received.

Statement of the types of fees to be charged by Council and the amounts of each such fee:

Section 612 of the *Local Government Act 1993* prohibits Council from determining a fee until it has given public notice of its draft delivery and operational plans for the year in which the fee is to be made and has considered any submissions received. Council will adopt the 2025/2026 fees and charges schedule on 25 June 2025, after consideration of all written submissions by residents and ratepayers.

Refer to attached document for the fees and charges schedule.

Statement of Council's Pricing Policy with respect to the goods and services provided by it

Reference is made to Council's Pricing Policy in its Annual Fees and Charges 2025/2026. The Pricing Policy is related to the degree of cost recovery, having regard to the following factors:

- Equity objectives
- User pays principle
- Cross subsidisation objectives
- Financial objectives
- Customer objectives
- Resource use objectives
- GST

Council's broad policies on revenue are:

- Council will ensure all rates, fees and charges will be levied equitably;
- Council supports the user pays principle in assessing the levying of fees and charges and the amount to which they are set, while considering the needs of those in the community who are unable to meet their own needs; and
- Council will pursue all cost effective opportunities to maximise its revenue base.

The pricing policy referred to in the Annual Fees and Charges for 2025/2026 is based on a selection of one of the following choices:

- The pursuit of full cost recovery (100% of identified costs).
- The application of partial cost recovery (reflecting the impact of public good constraints and/or community service obligations).
- The application of zero cost recovery (reflecting an inability to charge a fee).
- The application of a reference price (a fee or charge set by statute or regulation).
- The pursuit of a commercial rate of return on capital invested (to reflect the capital risks involved in the provision of a particular service).

Statement of the amounts or rates proposed to be charged for the carrying out by Council of work on private land

Council may by agreement with the owner or occupier of any private land, carry out on the land any kind of work that may lawfully be carried out on the land (Section 67(1) *Local Government Act 1993*).

Examples of private works are:

- Paving and road making;
- Kerbing and guttering;
- Fencing and ditching;
- Tree planting and maintenance;
- Demolition and excavation;
- Land clearing and tree felling;
- Water, sewerage and drainage connections; and
- Traffic Management Services.

This type of work is to be charged at cost with a percentage charge of 10% added for profit purposes. All profit is returned to Council's General Fund income.

Statement of proposed borrowings

The Wentworth Shire Council is proposing to utilise up to \$1,050,000 in 2025/2026 to help fund capital requirements for the redevelopment of the:

- Buronga Landfill Expansion - \$750,000 (as approved by Council at the March 2024 Council meeting)
- Stormwater Infrastructure Upgrades - \$300,000 (previously approved by Council)

3. Annual Fees & Charges

The Annual Fees and Charges forms part of the 2025/2026 Operational Plan.
These documents have been prepared in accordance with Section 403(2) of the *Local Government Act 1993*.
